## <u> Presentation – RTA Service Improvements Proposal for Delaware County – Chandra Ravada, ECIA</u>

For the past six months, Chandra Ravada has been working with the Regional Transportation Authority (RTA) to see if the program is still viable. They have heard from community members that the cost of the rides are too expensive for the population they are intended to assist. These rides are intended for members of the public for which no other means of transportation exists. They are asking counties to help subsidize the cost of the program. The request of Delaware County would be \$5,000 for FY 2019/20. With the next RTA meeting scheduled for March 4, 2020, RTA is asking that Delaware County approve their request prior to the meeting.

They are also looking at changing the meeting structure for said group. Instead of all three counties meeting together for all four meetings, they are looking at breaking three of the meetings out and holding them in the individual counties. The fourth meeting would be held in Dubuque for the entire group as a whole. The Board thanked Mr. Ravada for his presentation.

## Discussion Regarding the Platted "Unopened" Streets in the Community of Sand Springs

County Engineer Anthony Bardgett and County Auditor Carla K. Becker gave a brief history of the issue with the "unopened" streets within the Community of Sand Springs. They would like to hold an informational meeting with all residents of the Community. During said meeting, community members would be given a brief history of the problem with the platted "unopened" streets within the community and Delaware County's offer to assist. Since there is no local community room any longer within Sand Springs, Mr. Bardgett will check with the City of Hopkinton as to the availability of its community room and address the proposed meeting date and time at the next meeting of the Board of Supervisors on Monday, February 24, 2020. The Board thanked Mr. Bardgett for taking the lead on this issue. Chairperson Madlom stated he would have this added to the February 24<sup>th</sup> agenda.
